[Warning: External email]

Hello-

We are writing to express our support of Policy Idea #3.5.C – in which a stipend of \$500 would be given to all new parents when they have a baby. LIFT is a nonprofit in Chicago that works with parents and strongly believes in the power of cash for parents in need. We would like to see this idea implemented in the upcoming year and would be happy to help provide an strategic insights from our work into the design and implementation.

We appreciate all the work you are doing on behalf of this city!

Best,

**Jen Lambert**
